# Innovations in Medicine

## Networking series over lunchtime from 12.15 to 13.45h

The Faculty of Medicine offers an exclusive networking series for the members of the Faculty of Medicine, designed to enhance their expertise and to illustrate future challenges and opportunities in medicine.

**What can you expect?** Learn from leading experts and deepen your knowledge and your participation opportunities in areas such as the following:

- Monday, 3 February 2025, Restaurant UniTurm:  
**Welcome** by Prof. Dr. Beatrice Beck Schimmer, VP Medicine Zurich, and **Cost-benefit considerations of networking in a professional context** by Prof. Dr. Katja Rost
- Wednesday, 19 February 2025, Restaurant UniTurm:  
**The LOOP Zurich and BioMedical Informatics Platform, The LOOP BMIP**, with Prof. Dr. Markus Rudin and Prof. Dr. Michael Krauthammer
- Wednesday, 2 April 2025, University Hospital Balgrist:  
**The critical role of the OR-X in the clinical translation of the multisensory robotics FAROS project**, with Prof. Dr. Philipp Fürnstahl and Dr. Fabio Carrillo
- Tuesday, 6 May 2025, Moussonstrasse 15, Zurich:  
**Translational Medicine Accelerator, Unitectra and UZH Foundation**, with Michio Painter, Adrian Sigrist and Dominik Heitzmann
- Thursday, 3 July 2025, Restaurant UniTurm:  
**Closing** by Prof. Dr. Beatrice Beck Schimmer, and **The Digital Society Initiative - UZH's flagship for cross-faculty research collaboration**, by Prof. Dr. Claudia Witt

The events feature a thematic introduction, an interactive discussion, and a Q&A focused on possibilities for participation. Lunch is included.

The series is free of charge for Faculty members.
